Donated by: Do-It-Yourself Legal

*Many items were donated after this catalog went to print.
Please prepare yourself for many fabulous surprise items which will
also be up for auction at our event and are not listed above.*

1. Upon entry, each guest will be given a bid card. To bid in the silent auction, simply write your bid number on the silent auction bid form. To bid in the live auction, hold your bid card up high with the number toward the auctioneer. By bidding in the live or silent auctions, each bidder agrees to these auction rules.
2. A bid acknowledged by the live auctioneer is a legal contract to purchase the item. Additionally, in the silent auction, designation of the bid you have written by the silent auction official as the top bid is a legal contract to purchase that silent auction item.
3. Top bidders may pay for their items at the auction cashiering stations, which open for regular service during or at the conclusion of the live auction. It is not necessary to pay for each item individually after its purchase, and we encourage you to pay for your purchases only once, at the end of the live auction. Payment in full, however, is mandatory at the auction.
4. Per IRS regulations, auction items will be awarded to one purchaser only. The top bid amount for an auction item will not be split among those who may have agreed to pay a portion of the top bid amount. A purchaser who wishes to so split the payment for an auction item must collect the individual payments from the participant(s) and then either present those payments to the cashiers at the time the purchaser pays for the top bidder's purchases, or accept those payments as a (partial) reimbursement for the total payment the purchaser has made, and obtain a receipt. The purchaser gives payment participants a copy of the receipt.
5. All purchases are final and there will be no exchanges or refunds on items unless otherwise noted. Unless otherwise noted, all goods and services must be claimed and used within one year of the auction date.
6. Bidders who elect at registration to be served under the Express Pay™ system do not have to stand in line to pay for their purchases. Instead, Express Pay™ guests will have paid receipts for their auction purchases (together with the appropriate gift certificates) delivered to them during the course of the auction. Please see Express Pay™ information for details.
7. The Auctioneer reserves the right to reject any bid which is a minimal fractional advance over the prior bid. The Auctioneer and the organization reserve the right to add or withdraw, without notice, items to or from the auction.
8. Payments may be made by check, currency, or by the credit cards announced at the auction. Please make your check payable to **(CASA) Camano Animal Shelter Association**. The Internal Revenue Service has granted **CASA** charitable organization status. We are, thus, a 501(c) 3 charitable organization and your payments are tax deductible as a charitable contribution, only to the extent provided by law. Generally you may deduct as a charitable contribution the amount you pay above the fair market value of the item. Please see your tax professional for deductibility to you.
9. The purchaser assumes the responsibility to locate and remove purchases from the auction premises. Purchasers may claim from the Certificate Table the certificate(s) for services and tangible items not displayed. Just show your paid receipt and you will receive the gift certificate.
10. Reservations for trips and vacation accommodations must be mutually arranged with the donor unless otherwise noted. Tickets in travel packages are for coach class unless otherwise noted. No refunds will be allowed on travel packages for cancelled tickets and/or accommodations. Travel will be provided by donors as described even if the prices increase above those stated. Because travel charges change, travel costs may decrease the values stated, but no refunds will be allowed.
11. All items not removed from the auction premises may be claimed during the week following the auction at the CASA office during normal office hours.
12. **CASA** has attempted to describe and catalog all items correctly, but each items is offered as is (in current condition), where is (in current location). **CASA** neither warrants nor represents, and in no event shall be responsible for the correctness of descriptions, genuineness, authorship, provenance or condition of the items. No statement made in this catalog or made orally at the auction or elsewhere shall be deemed such a warranty for tax purposes or fair market value. Items have not been appraised unless otherwise noted.
13. Each person issued a bid number (bidder) assumes all risks and hazards related to the auction and items obtained at the auction. Each bidder agrees to hold harmless from any liability arising there from **CASA** its elected and appointed officials, members and employees, the auctioneer(s), the auction company and its agents and employees, the event organizers, sponsors, and/or volunteers connected with the auction.

14. In your auction catalog, "Dream Value" is the minimum amount we hope you bid for the item. Fair market value is an estimate of the retail value. Generally, we depend on the donor to give us a reasonable estimate of the item's retail value.

15. Some items may be offered subject to a reserve price, a price below which the item may not be sold. Some items may involve a payout to a vendor who supplied the item. These items are added to the auction to give you a wider bidding selection, and to help the organization earn additional funds. The organization keeps any funds bid above the payout amount. The

live auction item description normally contains the payout amount so you will know how much of your top bid amount is retained by **CASA**.

SILENT AUCTION

1. Items offered in the silent auction will have silent auction bid forms displayed near them. You may bid by simply writing your bid number on the form, opposite the amount you want to bid. Please press hard as you are making three copies.

2. You do not have to take the next available bid amount, but may skip ahead on the form to find the amount you really want to bid. The next bidder must bid at least the next increment higher than you did to be successful.

3. If you really want an item, just write your bid number opposite the amount labeled "Guaranteed Purchase" and you own the item. Once you write your bid number on the Guaranteed Purchase line, the bidding on that item is concluded.

4. You may bid on any item in the silent auction until the section is closed. Bidding for items in the silent auction sections will close at the time posted or announced. A silent auction official will circle the top bid number and amount. You can see if you are the successful purchaser by looking at a copy (pink) of the silent auction bid form, which is left in its place after the section is closed.

LIVE AUCTION

1. You may preview the live auction from the time the doors open until the start of the live auction. Please feel free to come right up to the display of the live auction items, even up onto the live auction stage. We want you to have adequate time and opportunity to see the excellent quality of the live auction items. Also, please note any restrictions, limitations, sizes, etc.

2. To ensure that the auction concludes at a reasonable hour, the live auction will begin during dinner and continue without intermission until all items have been auctioned.

3. You may bid in the live auction by holding your bid card up high with the number toward the auctioneer. The auctioneer, assistant auctioneer, or volunteer bid spotter can recognize your bid.
